**Tata Motors Stand-alone Financial Results for the Quarter ended June 30, 2015**

Fleet replacement demand mainly in the high tonnage segment, continued to support the Company sales growth of 20.7% Y-o-Y in the domestic MHICV segment in the quarter. However, the domestic LCV segments (mainly the SCV) continued to remain weak, witnessing a de-growth of 19.0% Y-o-Y, due to the tough financing environment and lack of last mile load availability. Exports of the commercial vehicles saw strong growth of 38.0% Y-o-Y in the quarter. As a result, the overall CV sales were almost flat in the quarter. New launches in the Prima LX, Ultra range and SCV range as well as other product enhancements provides a strong foundation for the future growth. In this quarter we celebrated the tenth anniversary of Tata Ace that had created a new Small Commercial Vehicle (SCV) category when launched and has surpassed the 1.5 million sales mark in these ten years.

In Passenger vehicles, ZEST, BOLT and newly launched GenX Nano, supported the sales growth in the quarter. The domestic passenger vehicles segment of the Company grew 27.4% Y-o-Y in the quarter with car segment growth of 42.2% Y-o-Y in the quarter. Company expects to continue its volume growth with full year of Zest, Bolt, new GenX Nano and other new and exciting products that will be launched in the coming time period under the Company's Horizonext strategy
