Re: News item appearing on Moneycontrol website on October 9, 2018 captioned "Tata Motors JLR plans two-week shutdown of UK Plant".

With reference to your email dated October 9, 2018 seeking clarification/confirmation in respect of the above news item at the outset, we would like to inform that the information is not considered material as required in Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In this regard, we would like to refer to our Jaguar Land Rover Automotive Plc, Wholly Owned Subsidiary ("JLR") sales release titled "Monthly sales impacted by ongoing China market uncertainty". Para 6 of the said release referred to JLR's continued strategy to focus on achieving operational efficiencies and aligning supply to reflect fluctuating demand globally.

In continuation to the said release, JLR have made an official announcement today as under:

"As part of the company's continued strategy for profitable growth, Jaguar Land Rover is focused on achieving operational efficiencies and will align supply to reflect fluctuating demand globally as required.

The decision to introduce a two week shutdown period later this month at Solihull is one example of actions we are taking to achieve this. Customer orders in the system will not be impacted and employees affected will be paid for the duration of the shutdown."

This is for the information of the exchange and the members.

Yours faithfully,
Tata Motors Limited
