Tata Motors slashes prices of its passenger vehicles, post GST; passes benefits to its customers

Commenting on the price reduction, Mr. Mayank Pareek, President, Passenger Vehicles Business Unit, Tata Motors, said, "We whole-heartedly welcome the initiative by the Union Government for introducing GST thereby bringing in one uniform tax across the country. This will enhance the ease of doing business and usher in a new era for the economy in general and especially, for the automotive industry. Following the roll out of GST, we have decided to pass on the entire benefit to our customers. We are offering a price reduction of upto 12% ranging between INR. 3300 and INR. 217000 depending on the model and variant. With a strong focus to encourage positive buying sentiments, we have taken this step."

About Tata Motors

Tata Motors Limited, a USD 42 billion organisation, is a leading global automobile manufacturer of cars, utility vehicles, buses, trucks and defence vehicles. As India’s largest automobile company and part of the USD 100 billion Tata group, Tata Motors has operations in the UK, South Korea, Thailand, South Africa, and Indonesia through a strong global network of 76 subsidiary and associate companies, including Jaguar Land Rover in the UK and Tata Daewoo in South Korea. In India, Tata Motors has an industrial joint venture with Fiat. Engaged in engineering and automotive solutions, with a focus on future-readiness and a pipeline of tech-enabled products, Tata Motors is India’s market leader in commercial vehicles and among the top in passenger vehicles with 9 million vehicles on Indian roads. The company’s innovation efforts are focused on developing auto technologies that are sustainable as well as suited. With design and R&D centres located in India, the UK, Italy and Korea, Tata Motors strives to pioneer new products that fire the imagination of GenNext customers. Abroad, Tata cars, buses, and trucks are being marketed in Europe, Africa, the Middle East, South Asia, South East Asia, South America, Australia, CIS, and Russia.
