

NEXON AERO

Tata NEXON is a manifestation of the *Next-Level* automobile design featuring ‘Breaking the Box’ philosophy. It represents the evolution of SUV design from traditional Boxy shapes to a sleeker and aerodynamic SUV profile inspired from Sports coupe’.

NEXON AERO version is for all those who love aerodynamic design and sporty interiors. It is distinctly different from regular NEXON in exterior design, accents and interiors. It is one of the versions of soon-to-be introduced, customization tool for NEXON, which will offer the flexibility to customize your SUV and further enhance its looks, as per your personal preference.

NEXON AERO comes in an exclusive liquid Silver color with piano Black contrast roof. A sporty body-kit with bumper-corner protectors and side skirts, which accentuate the athletic character of NEXON. The interiors are further enhanced with piano Black finish for the dashboard mid-pad, steering wheel, central console and door finishers for a dapper guise.
