- 3) As at March 31, 2019, certain assets of the Company related to defence business and investment in Tata Hitachi Construction Machinery Company Private Limited (equity accounted investees) are classified as "Held for Sale" as they meet the criteria laid out under Ind AS 105. Given the delay in completing the sale, the Company has reassessed the position on "Held for Sale" for the assets and liabilities of Tata Technologies Ltd. Accordingly, the Company concluded that these assets and liabilities no longer meets the criteria of "Held for Sale" as per Ind AS 105.
- 4) Consequent to clarifications published by the Institute of Chartered Accountants of India during the year ended March 31, 2019, various Government Grants (incentives) have been reported as "Other Income". Previously, these were reported as "Other Operating Revenue" in the Statement of Profit and Loss. The change is retrospectively applied by reclassifying the previous year to conform to current year's presentation and is not considered material to the Company's prior period financial statements.
- 5) On July 31, 2018, the Company decided to cease its current manufacturing operations of Tata Motors Thailand Ltd. Accordingly, the relevant restructuring costs have been accounted in the year ended March 31, 2019.
- 6) During the year ended March 31, 2019, the High Court in United Kingdom ruled that pension schemes are required to equalise male and female members benefit for the inequalities within guaranteed minimum pension (GMP) earned between May 17, 1990 and April 5, 1997. Based on this, the Company reassessed its obligations under its existing Jaguar Land Rover pension plans and recorded an additional liability of an amount of GBP 16.5 million (₹147.93 crores) as past service costs during the year ended March 31, 2019.
- 7) The Company assessed the recoverable amount of the Jaguar Land Rover business, which represent a single cash-generating unit (CGU), as at December 31, 2018, as the higher of Fair Value Less Cost of Disposal ('FVLCD') and Value in Use ('VIU') of the relevant assets of the CGU, due to change in market conditions especially in China, technology disruptions and rising cost of debt. This has resulted in an impairment charge of ₹3,105 million (₹27,837.91 crores) being recognized as exceptional charge for the quarter ended December 31, 2018. As at March 31, 2019, the Company performed an impairment review with reference to its VIU and this did not result in a further impairment charge. The Company continues to assess and endeavours to take appropriate mitigating actions on the potential impacts of changes, if any in tax and treaty arrangements globally, including Brexit.
- 8) During the quarter ended March 31, 2019, Jaguar Land Rover has announced a voluntary redundancy programme and accordingly had an exceptional charge of ₹1,367.22 crores.
- 9) **Ind AS 115 – Revenue from Contracts with Customers**
The Company adopted Ind AS 115 with a modified retrospective approach effective April 1, 2018. The Company makes transport arrangements for delivering its vehicles to the dealers. The gross consideration received in respect of these arrangements was recognised and presented within revenues in the statement of profit and loss. The costs associated with these arrangements were presented within freight cost in the statement of profit and loss. In accordance with Ind AS 115, the Company has determined that it is an agent in providing these services, and therefore, the gross consideration received, net off cost associated with respect to these arrangements is presented within revenues effective April 1, 2018. Certain payouts made to dealers such as infrastructure support payments are treated as variable components of consideration and are therefore in accordance with Ind AS 115, recognised as revenue deductions. These changes in presentation in the income statement resulted in decrease in both revenues and expenses by ₹1,006.89 crores and ₹3,809.03 crores for the quarter and year ended March 31, 2019, respectively.
- 10) Figures for the quarters ended March 31, 2019 and 2018, represent the difference between the audited figures in respect of full financial years and the published figures for the nine months ended December 31, 2018 and 2017, respectively which were subject to limited review.
- 11) During the year ended March 31, 2019, the Company has sold investment in TAL Manufacturing Solutions Limited to Tata Advanced Systems Ltd (TASL).
- 12) The Statutory Auditors have carried out an audit of the consolidated financial results for the year ended March 31, 2019.
