

Tata Motors bags biggest e-bus contract in India

/// Tender of 300 electric buses awarded by Ahmedabad Janmarg Ltd.

After having delivered over 200 electric buses with over 60% market share under the FAME I, reinforcing its position at the forefront in the electrification drive, India's leading bus brand, Tata Motors, announced that it has bagged a contract of 300 e-buses awarded by the Ahmedabad Janmarg Ltd. (AJL). This mandate to Tata Motors is the largest in the country so far, making Tata Motors the only Indian OEM to bag the biggest order supporting the government's e-mobility drive in the country. The company will supply Urban 9/9 Electric model of buses which will run in Ahmedabad's BRTS corridor.

These buses will be deployed under the OPEX model and Tata Motors will be setting up the required infrastructure including fast charging and support system as well. Speaking on the occasion, Girish Wagh, President, Commercial Vehicles Business Unit, Tata Motors, said: "We are delighted to have won the largest tender of e-buses in the country. Tata Motors has been playing a proactive role in the

electrification drive with the development of electric traction system for hybrid as well as pure electric vehicles. The ultra electric buses are indigenously developed to offer superior design and best-in-class features."

"We will continue to support the government in their commitment towards creating a sustainable future for

India," he added. The critical electrical traction components have been sourced from internationally known best-in-class suppliers in USA, Germany and China offering proven products. The buses have been tested and validated by Tata Motors across States including Himachal Pradesh, Chandigarh, Assam and Maharashtra to estab-

lish performance in diverse terrains. With a focus on engineering and technology-enabled automotive solutions catering to the future of mobility, Tata Motors is India's market leader in commercial vehicles and amongst the top four in the passenger vehicles market.
