

ALTROZ THE GOLD STANDARD

Tata Altroz is the safest car in its segment with a full 5 STAR Global NCAP adult safety rating. The Altroz is the first vehicle from Tata Motors to be made on the new ALFA architecture and the second vehicle to be developed under the Impact 2.0 design language. The Altroz is the benchmark in the category and sets the **Gold Standard** in Safety, Design, Technology, Driving Dynamics and Customer Delight. The Altroz will also be the first car in India to be offered with factory fitted customization options. Customers will be able to choose what features they want and Tata Motors will create the car as per the choice of variant and features required. The customization would not affect the warranty of the car, as all the features would be factory fitted.
