Providing mobility solutions for 75 years

1945
Incorporated as an engineering and locomotive manufacturing company

1954
Entered the CV sector through a JV with Daimler-Benz of Germany

1986
Launched the iconic and highly successful truck, Tata LCV 407

1991
Entered the PV space with the launch of an SUV, Tata Sierra

2006
Collaborated with the Brazil-based Marcopolo to manufacture fully built buses and coaches

2005
Launched India’s first mini truck, Tata Ace

2004
Acquired South Korean truck manufacturing unit Daewoo Commercial Vehicles Company

2009
Launched India’s most affordable hatchback, Tata Nano and introduced the Jaguar Land Rover range in India

2008
Acquired iconic British carmaker Jaguar Land Rover from Ford Motor Company

2014
Launched the new intermediate and light commercial vehicle range of trucks, Tata Ultra

2016
Introduced the IMPACT design philosophy through the launch of the Tiago, aiming to create an immediate impact through the exterior and a lasting impact through the interior

2018
Unveiled the Omega and Alfa architectures, along with the refined design philosophy, IMPACT 2.0

2019
Launched the Nexon EV with the cutting-edge ZIPTRON powertrain technology

1998
Launched India’s first fully indigenous Indian passenger car, Tata Indica
With a well-diversified manufacturing footprint

**United Kingdom**
- 01 R&D/ENGINEERING AND DESIGN CENTRE

- 451,925 Vehicles Sold

Note: Global wholesale includes CJLR volumes for FY20
‘Connecting aspirations’ through innovative mobility solutions

Tata Motors Limited (TML) is one of India's biggest automobile manufacturing companies with an extensive range of integrated, smart and e-mobility solutions in its portfolio.

**VISION**
By FY 2023-24, we will become the most aspirational Indian auto brand, consistently winning by
- Delivering superior financial returns
- Driving sustainable mobility solutions
- Exceeding customer expectations, and
- Creating a highly engaged workforce

**MISSION**
We innovate mobility solutions with passion to enhance the quality of life.

**VALUES**
- Integrity
- Accountability
- Excellence
- Teamwork
- Customer centricity
- Speed

**OFFERINGS**

**Commercial vehicles**
- Cargo transportation: Trucks, tippers, construcks, tractor trailers & other fully built applications
- Passenger transportation: Vans, buses & coaches

**Passenger vehicles**
- Cars: Hatchbacks & sedans
- Utility vehicles

**Electric vehicles**
Moving the nation forward

Our wide range of CVs includes the globally benchmarked Tata Prima, Signa and Ultra trucks in the MHCV and ILCV segments; the category-defining Tata Ace in the SCV segment; and the Tata Intra, India’s first compact truck, and the Tata Yodha in the Pick-up segment.
Winning decisively in CVs

- **Pioneer** in product innovation and introduction of new segments in the Indian market
- **Largest CV player in India**, with a strong product portfolio of small, medium and heavy CV categories in the cargo segment (from sub-1-tonne to 55-tonne GVW)
- Wide range of **vans, buses and coaches** in the passenger transport segment for intra-city and intercity applications
- **Pan-India network** of channel partners (700+ sales and 2,500+ service touchpoints) offering customised solutions, including products and value-added services
- **Holistic aftermarket offering** with best-in-class service guarantees delivered through the **Sampoorna Seva** programme
- **Augmented connectivity** through **Fleet Edge**, a next-gen digital solution that delivers a wide range of connected vehicle solutions for enhanced customer benefits
- Continued lead across all customer-facing metrics in net promoter score, customer satisfaction score and dealer satisfaction score, including strong ecosystem connect
- Vehicles **exported to 40+ countries** across SAARC, Africa, the Middle East and ASEAN through a strong network of overseas channel partners

**#1 CV player in India**

**57.4%** market share in MHCV

**47.2%** market share in ILCV

Enhanced customer engagement that enables greater customer benefits

Drive growth in exports and emerging opportunities like digital and aftersales

Priorities on the radar

Customised solutions (products and services) that best match customer requirements

Employee health, well-being and capability development

Continued focus on financial fitness to sustain industry cyclicality

Channel partner engagement and profitability

Continued lead across all customer-facing metrics in net promoter score, customer satisfaction score and dealer satisfaction score, including strong ecosystem connect
Delivering driving experiences that are ‘NEW FOREVER’

Our PV offerings include a whole new generation of passenger cars and utility vehicles that redefine their respective segments with class-leading design, safety, technology and driving dynamics. The entire range is BSVI complaint and exemplifies the IMPACT 2.0 design language.
Winning sustainably in PVs

Reimagining PV through
- the NEW FOREVER range – a completely transformed portfolio with contemporary products
- a paradigm shift in focus from wholesale to retail sales
- an enhanced connect with customer aspirations

5-star Global NCAP rating
attained by Altroz in 2020 and Nexon in 2018

4-star Global NCAP rating
attained by Tiago and Tigor in 2020

Strategic Initiatives
Complete digital transformation
Reimagined after sales
Exciting product range

Corporate Presentation
Taking the lead in an evolving auto landscape

E-mobility is an irreversible megatrend, given the imperative to improve the pollution profile and energy security for India. TML is looking at the electric vehicle business as a strategic opportunity to establish itself as a strong player in the new and evolving EV industry.

Nexon EV
- High-efficiency AC motor
- 300+ km capacity lithium-ion battery
- 0-100 kmph in 9.9 seconds
- 1-hour fast charging

Tigor EV
- 213 km range
- 2-hour fast charging

Tata 4/12m
- Low floor-entry electric bus
- First all-electric drivetrain
- State-of-the-art solution for urban transport needs

Tata Ultra Electric
- India’s first-ever intermediate commercial electric truck
- Best fit for city transportation requirements

EVs: Electric Vehicles
Winning proactively in EVs

TML is closely working with other Tata group companies to create an e-mobility ecosystem, Tata UniEVerse. The aim is to leverage their collective strengths and experience to create a viable environment to drive the adoption of EVs in India.

**Strategy**
- Focus on fleet, government and personal segments
- Contemporary and accessible EVs
- Low-voltage EV for fleet use
- High-voltage EV for personal use
- Conversion of existing models to optimise investments
- Build a strong EV ecosystem with Tata group companies

**Market leader**
- in fleet (46%) and government (53%) segments

**Market leader**
- in personal segment (43%)
Jaguar Land Rover overview
Envisioning a world of sustainable, smart and safe mobility

Jaguar Land Rover (JLR) is a global automotive manufacturer and leading technology company, proudly built around two iconic British car brands, Jaguar and Land Rover, and driven by a desire to deliver class-leading vehicles, providing experiences people love, for life.

DESTINATION ZERO
JLR’s vision is a world of sustainable, smart mobility – Destination Zero – enhancing the quality of everyone’s life with zero emissions, zero accidents and zero congestion through relentless innovation. Our ambition is to make our societies safer and healthier, and our environments cleaner through relentless innovation. Adapting our products and services to the rapidly-changing world around us.

Enhancing the quality of life through relentless innovation

SOTA as a standard
Every new JLR vehicle now has SOTA as a standard, offering all customers the ability to remotely receive future software updates to their vehicle.

Next-gen in-car experience
Pivi Pro infotainment system is JLR’s most advanced in-car technology to date, keeping customers connected, updated and entertained at all times anywhere in the world.

Future of urban travel
JLR unveiled the bold new concept vehicle, Project Vector, as part of its Destination Zero mission; it is envisioned as an advanced, connected, autonomy-ready electric vehicle for both public and private mobility.

Zero accidents
Equipped with a full suite of ADAS functionality, JLR’s latest vehicles include the award-winning Clear Sight Ground View and Rear View Mirror technologies and other pioneering safety features.

<th>Projects Charge &amp; Charge+</th>
<th>Project Accelerate</th>
</tr>
</thead>
<tbody>
<tr>
<td>JLR will continue to update its existing model range with industry-leading design and technology, including the latest infotainment systems and full-battery electric and hybrid propulsion.</td>
<td>JLR’s family of Ingenium petrol and diesel engines are based on a modular, flexible and scalable all-aluminium design with a choice of 3-, 4- and 6-cylinder engines that also support mild and plugin hybrid propulsion technology. JLR will begin the roll-out of its next-gen MLA across its product portfolio in FY21.</td>
<td>As a part of JLR’s Transformation strategy, China will continue to be a key focus area and actions are underway to improve the volumes and profitability in China.</td>
<td>Cost and cash savings programmes focusing on stabilising cash position, right-sizing structural costs and improve variable profits. The FY21 target of cumulative cost and cash savings through these projects has been set at £6 billion.</td>
<td>Accelerate aims to address the fundamental challenges that will ensure JLR’s sustainable and successful future. This includes on-time, quality programmes; delivery of competitive material cost; and enhanced sales performance.</td>
</tr>

- CV industry impacted by structural and cyclical headwinds in the last couple of years
- TML embarked upon the ‘Turnaround’ journey and delivered
  - Positive FCF in 2 consecutive years
  - Industry-leading EBITDA of 11% for CV and EBITDA breakeven for PV in FY19
- FY20 was a transition year to BSVI and performance was impacted by other market externalities due to a slowing economy
The last few years were challenging for JLR. Performance was adversely impacted by market headwinds, such as muted global demand, increasing geo-political tensions and diesel uncertainty, along with the internal factors. In the face of these challenges, the business launched comprehensive programmes to improve operational and financial performance. These include: Project Charge and Charge+, which focused on reducing costs and Project Accelerate, which focused on addressing the structural challenges on product launches.
