PRESS RELEASE

Tata Motors bags prestigious order of 1350 bus chassis from Uttar Pradesh State Road Transport Corporation

Mumbai, 26th December 2023: Tata Motors, India's largest commercial vehicle manufacturer, today announced that it has secured a prestigious order from the Uttar Pradesh State Road Transport Corporation (UPSRTC) to supply **1,350 units of the Tata LPO 1618 diesel bus chassis**. Developed for intercity and long-distance travel, the Tata LPO 1618 conforms to BS6 emission protocols, delivers superior performance, excellent passenger comfort and offers best-in-class total cost of ownership (TCO). This order was won by Tata Motors following a competitive e-bidding process conducted via the Government tendering process and the bus chassis will be supplied in a phased manner.

Receiving the order, **Mr. Rohit Srivastava, Vice President & Business Head – CV Passengers, Tata Motors**, said, *“Making public transport more effective and efficient is our mission and we are thankful to the Uttar Pradesh State Government and the UPSRTC for once again giving us the opportunity to supply a modern fleet of bus chassis. The Tata LPO 1618 is a proven work horse with its robust build, quality engineering and low maintenance. It is designed and engineered to deliver best-in-class productivity with high uptime and optimal total cost of operations. We look forward to commencing supplies as per the guidance of UPSRTC.”*

Tata Motors has been at the forefront of delivering advanced buses and public transportation solutions to various cities and states across India. Over 58,000 buses have been supplied to multiple state and public transport undertakings till date. Several thousand buses continue to run successfully on Indian roads connecting cities and towns with the hinterland, enabling people to travel comfortably.

About Tata Motors

Part of the USD 128 billion Tata group, Tata Motors Limited (BSE: 500570 and 570001; NSE: TATAMOTORS and TATAMTRDVR), a USD 42 billion organization, is a leading global automobile manufacturer of cars, utility vehicles, pick-ups, trucks, and buses, offering an extensive range of integrated, smart, and e-mobility solutions. With ‘Connecting Aspirations’ at the core of its brand promise, Tata Motors is India’s market leader in commercial vehicles and ranks among the top three in the passenger vehicles market.

Tata Motors strives to bring new products that captivate the imagination of GenNext customers, fueled by state-of-the-art design and R&D centres located in India, the UK, the US, Italy, and South Korea. By focusing on engineering and tech-enabled automotive solutions catering to the future of mobility, the company’s innovation efforts are focused on developing pioneering technologies that are both sustainable and suited to the evolving market and customer aspirations. The company is pioneering India's Electric Vehicle (EV) transition and driving the shift towards sustainable mobility solutions by developing a tailored product strategy, leveraging the synergy between Group companies and playing an active role in liaising with the Government of India in developing the policy framework.

With operations in India, the UK, South Korea, Thailand, South Africa and Indonesia, Tata Motors markets its vehicles in Africa, the Middle East, Latin America, Southeast Asia, and the SAARC countries. As of March 31, 2023, Tata Motors’ operations include 88 consolidated subsidiaries, two joint operations, three joint ventures, and numerous equity-accounted associates, including their subsidiaries, over which the company exercises significant influence.
